

What We Learned In This Lesson

When you get pocket money,
ALWAYS SAVE FIRST!

When you save money in the Bank,
the Bank pays you **INTEREST**.
Interest helps your money **GROW!**

Why is this important?

It's important for kids to learn to save first because it teaches them the value of money management and the benefits of saving. Understanding that saving earns interest helps them see how their money can grow over time, fostering good financial habits and preparing them for future financial stability and independence.
